FINISH JUDGING AT STATE FAIR

Walsh Brothers, Beloit, Show Champion Boar—McLay Brothers, Champion Stud.

Livestock judging continued at the Wisconsin state fair until Friday and, as a result, awards on the county sweepstakes championship will not be awarded until Saturday.

After making a tour showing with Holsteins, the Rock county Guernsey exhibit took part in a strong show and finished exceptionally well.

The Guernsey place was the best at any Wisconsin state fair in recent years, at least. This breed was judged by Ray Hulse, Madison, and premiums were well split up between the Guernsey Farm owned by E. J. Rueping, Fond du Lac; D. D. Tenny, Milwaukee and the Rock county animals.

In the Guernseys, One Burton and Son, Eagle, Wis., won the senior and grand champion bull honors on Arion of Edgemoor, an bull bull, May King's Luika of Waukesha of the Rock county herd.

Next in this class, The two-year-old class was won by C. J. and W. A. Connell on Defender of Wadsworth. The senior yearling class was won by the Larson Farming company on Rose's Boy of Fern-Hill. The herd sire of Killebrew and Kerkston placed fifth in this class with 17 in the ring.

The junior yearling of Dr. Munu won fourth with Corium Farm winning first. In the senior calf class with 19 in the ring, the imported calf of Edgemoor, Edgemoor, placed in good third and a calf from the Munu herd was sixth. The class was won by D. D. Tenny. On junior bull calf, the Rock county entry won fourth.

Last First Place The Corium Farm won senior and grand championship cow honors. In the two-year-old class, the Vanquisher, from the Munu herd, was third and the two-year-old heifer was seventh among 17. Islander's Goldie, the best heifer in the Rock county Guernsey show herd, was not in condition to show and, as a result, the county lost a sure first place and a possible championship.

The heifer of a W. C. Crist, stepped in and took a good second, being defeated only by the Corium entry.

Islander's Golden girl from the Munu herd was second in the next class and the junior heifer calf was third.

Win Durce Championship While the Rock county failed to make its usual "cleaning" on swine, Walsh Brothers, showing Durce, Butts and Hasebeck and Fred Reicheid, showing Chester Whites, were good winners.

JEFFERSON CATTLE TOP IN HOLSTEINS

Grand Champion Cow Will Not Be Defeated—J. D. McDonald, Big Winner.

Jefferson county Holsteins continue to win premier top honors for the Jefferson Asylum entries were heavy winners at the Wisconsin state fair and the county herd won the second consecutive victory.

Madam Artie Wayne, Denver, the grand champion three year old cow, never looked better and baring accident, should go through the season without a defeat. The young stock from Jefferson are a wonderful lot of cattle.

Kingside opinion was clearly divided between the merits of the first prize age bull, North Star Joe Home-stand and the defeated Waukesha Gilie Hilliard.

"The first prize bull carried a little longer on the pin bones, showed to be a little more bull," declared Ward Stevens, judging. "The Hilliard was better for top line and style." The grand champion of J. D. McDonald was heavy in flesh, but showed wonderfully well. There is no criticism on the two first prize bulls, it is that both were too heavy.

The Jefferson county Holsteins have in two years earned the title of being all championship exhibitors.

The black bull of Fred Wittenbach, Waukesha county, was an outstanding animal in his class and as for strictly dairy lined bulls, he was good as any in the ring. This entry, junior champion last year, will be a great prospect for the coming year as a three year old.

The biggest individual winner of Holstein money, however, was J. D. McDonald, West Salem, McDonald getting near the top in about every class.

Governor Farrington's Daughter Is Married Honolulu—Miss Frances Farrington, daughter of Governor and Mrs. Wallace Farrington, was married here yesterday to John R. Whittemore, Jr., South Boston, Cal., at Washington Place, official residence of the governor.

CHILD IS DROWNED Green Bay—Childish curiosity regarding a yacht moored in the river here, cost the life of Robert Miller, 6, son of Mr. and Mrs. Ernest Miller. He drowned in the Fox river.

VICTIM OF ASSASSINS Chicago—The eighth victim of assassins in six weeks in "Little Italy," on the north side, was shot to death on the stairs leading to his home early today. He was Frank Marotta, 36.

JEFFERSON HOST TO G. A. R. VETERANS

80 Members of Southern Wisconsin Old Soldiers' Association Meet.

Jefferson—Eighty Civil war veterans from Jefferson county, Elkhorn, Waukesha, Janesville and Milwaukee, attended the 22nd annual reunion of the Southern Wisconsin Old Soldiers' association at Jefferson Thursday.

This is the largest number that ever attended the meeting. Twelve members died during the last year, but the association is growing. A few years ago the association was known as the Jefferson County Old Soldiers' association, but since that time many comrades from other counties have enrolled.

At 10:30 a. m. the soldiers met at the Wisconsin home, and at 11 o'clock they marched to the music of the drum and life to the court house. The parade was headed by G. H. Pounder of Park Atkinson, who carried the flag; Jack Downey, Whiteside, and E. H. Fisher, Janesville, snare drums; J. P. Goodman, Whiteside, bass drum; and Frank Pellant, Milwaukee, expert rife of the Military Drum Corps of Milwaukee.

About 70 soldiers, 100 teachers and a large number of members of the Woman's Relief Corps marched. The annual business meeting was held at the court house. Frank Poole, Lake Mills, was re-elected president; Gilbert P. Scott, Port Atkinson, vice president; and E. H. Helmstreet, Lake Mills, secretary and treasurer.

At noon a dinner was served at the Wisconsin home by the women of the Relief Corps. At 2 p. m. an old fashioned camp fire meeting was held at the court house. The Jefferson county teachers sang several patriotic songs, by Sup. A. J. Thorne, chairman. Helmstreet gave the opening address of welcome. Dr. H. A.

TOURIST TRAVEL IN STATE HEAVY

Exceeds Last Year Despite Unfavorable Weather; Large Sums Spent.

Madison—Regardless of unfavorable weather conditions which have existed during most of the present summer, tourist traffic in Wisconsin is larger than last year, a survey completed by the state highway department indicates. A check of automobiles from other states made by the highway representatives showed that on one day, 1,170 foreign automobiles were counted. This is a substantial increase over the number counted in a similar survey last year, it is stated.

Twenty-five states and two Canadian provinces were represented in the count, the report shows. Illinois led the states with 608 cars; Iowa was second with 151; Minnesota, third, 94; Indiana fourth, 75; Michigan, fifth, 67; Missouri, sixth, 40; Ohio, seventh, 28; California, eighth, 21; Nebraska and New York, ninth, with 12 each. Other states represented were: North and South Dakota, Oklahoma, Kentucky, Colorado, Montana, Texas, Mississippi, Oregon, Florida, Ontario, Canada, Saskatchewan, Canada, South Carolina, Arkansas, Virginia and Wyoming.

Based on preliminary counts thus far this year, the highway department estimates that probably 800,000 tourist cars will be attracted to Wisconsin this year.

Statistics compiled from questionnaires filled out by the tourists show that each foreign car counts into the state spends at the rate of \$11.32 per day and travels sixty miles per day. It is estimated that \$14,000,000 was spent in Madison by tourists on the day the count was made.

STONE COMPANY IN SUIT FOR \$1800 FROM CULLEN FIRM Alleging breach of contract, Frank J. Schworger and John Peterson, co-partners in the Bay View Stone Co., Madison, have brought suit in the Rock county circuit court against J. P. Cullen and Son, Janesville contractors.

The complaint filed Friday claims that the defendants owe the plaintiffs \$18,721.15 as final payment on a contract during June, 1922. Judge George Grimm will hold court in Janesville on Friday, Sept. 5.

BELOIT VALUATION IS \$29,000,000

Beloit—Representing an increase of \$2,550,651 over 1923, City Assessor P. F. Lickert announced Thursday that the total assessed valuation of Beloit for 1924 is \$29,000,000, less home exemption claims, amounting to \$1,550,000. With the home exemption amount deducted, the actual 1924 assessed value for taxable purposes is \$27,450,000.

A general increase of 5 per cent was made on all residence and business buildings this year under an agreement with the board of review as a means of partially offsetting the home exemption losses. The general 5 per cent increase amounted to approximately \$600,000, while natural increases in the value of lands yielded another \$600,000. Increases in the assessments of large corporations boosted the total \$1,550,000, as follows: Fairbanks-Morse & Co., raised \$500,000; P. H. Yates company, \$500,000; Beloit Iron Works, \$200,000; and Beloit Water Gas & Electric Co., \$200,000.

Mr. Lickert told the board that in many ways the present assessment is the most satisfactory one he has had since it had been so described by F. A. Taylor, Janesville, supervisor of assessments for Rock county.

Brown Issues Instructions to J. H. S. Students

Instructions to those who will attend high school at its opening on Tuesday morning were made public by Principal W. W. Brown, Friday. Both the senior and junior high schools will report at the usual times at 8:20 a. m. and 8:10 a. m., respectively. All except those entering the senior high school from the junior, the 10-11 class, and those entering from the grade schools, the 6-7's will report to their last semester advisers. The 10-11's, or first semester sophomores may find their proper rooms by consulting the lists which will be found on the bulletin boards, or may be obtained from guides, consisting of the J. H. S. club, girl reserves, or Boy Scouts. Inquiries will also be answered from the principal's office.

Since trial classes on the new year's daily schedule of classes were held before the close of school last June, the entire six periods of the ordinary school day will be completed. On Friday, however, somewhat shortened probably by the prolonged advisory group meetings and assembly periods. Assignments will be made on the first day, and the required text books ordered. Regular prepared lessons will be heard in all classes on the second day, Wednesday.

The sixth grade students, coming into the junior high school from the grade schools, are to go direct to the auditorium in the morning, where they will be given instructions.

Lutheran Church Will Celebrate

The 80th anniversary of West Koshkonong Lutheran church, one of the oldest in the United States, will be celebrated on August 31, with special exercises under the direction of the pastor, L. S. Guthebe. The church was founded Sept. 2, 1844 by the Rev. J. W. C. Dietrichson, a Danish Lutheran minister who arrived in America. First services were held under two large oak trees which have been historical points in the growth of the congregation until the destruction of a wind storm about two years ago.

The church has been served by the following pastors, A. C. Preiss, G. A. Ostrom, M. F. Weise and L. S. Guthebe.

The Rev. G. A. Gullixson, Chicago, president of the Norwegian Lutheran Synod will take a leading part in the exercises Sunday.

FITCHETT FIRST AT BADGER FAIR

Janesville Dahlia Grower Captures Blue Ribbon with Beautiful Display.

J. T. Fitchett, 735 Milton avenue, was awarded the blue ribbon for his dahlia display at the Wisconsin state fair in Milwaukee, this week. His display, which was the most beautiful in the horticulture building, having the advantage of a most attractive setting. The exhibit contains directions for the proper use of flowers in decoration of the home. A deep blue bowl, for instance, filled with flowers in gay tone gives a welcoming air to the reception hall. A bud vase with a single flower is daintily and correct for lady's dressing table and a shallow dish with natural flowers and cut flowers, stems clipped to fit, is just right for the centerpiece of a formal dinner table.

A quarter of a century ago when Mr. Fitchett, then a young printer in Janesville, married and began housekeeping, he remembered that his mother's garden had always been made beautiful by dahlias. So the newlyweds' first purchase for their young garden was a packet of six dahlia bulbs. The flowers grew with the family and the home. The first purchase of bulbs produced such flowers that Mr. Fitchett was able to sell them for \$1—a goodly sum for humble dahlias a quarter of a century ago.

The \$4 was immediately translated into more dahlias. And still more dahlias until Mr. Fitchett's dahlia field in Janesville now covers three acres and includes 500 varieties of the flower, with only one variety with which most folks are familiar.

The printing office is deserted and forgotten except for an occasional day's work. And most of Mr. Fitchett's attention is devoted to the glowing fields of crimson and orange and orchid and rose blooms.

"It's a fascinating study—dahlia culture," says Mr. Fitchett. "Dahlias came from Mexico originally, you know. A Spanish monk discovered the blooms near his monastery in Mexico in the seventeenth century. He sent the flowers to a friend in Spain who in turn gave them to a Scandinavian horticulturist. Dahlia, from whom they take their name."

"The dahlia continued for years in its present form of rounded, tightly petalled blossom. Five years were required for the first successful attempt to cross them with other flowers and thus to vary their forms. Thousands of name brands are now recognized as proceeding from the plain garden variety."

EDGERTON TO SEE "COVERED WAGON"
Beginning Sunday, "The Covered Wagon," the spectacular moving picture of the great northwest, will be presented at the Rialto theater in Edgerton for a three days' run. A special matinee will be given at 2:30 p. m. after the first showing. "The Covered Wagon" is one of the greatest moving pictures of the year, many hundreds having contributed to the story which was written by the late Emerson Hough, and directed by Marshall, Louis Wilson, J. Warren Keeler and J. West Torrence are among the stars of this tremendous production showing the settlement of Oregon.

Stoughton, was then presented and gave an address on "Past, Present and Future," briefly going back into the centuries to the time of idolatry, its general use during the centuries by part of the 19th century, leading up to the war of 1862, when Maine was the only dry state. She spoke of the organization of the W. C. T. U. in 1824, its founder, Frances E. Willard, her life and work, and how the 18th amendment was achieved. She took up the gradual but steady triumph of temperance. She stressed the need of dry officers to enforce the laws, and urged the people to get out and vote. She told of the W. C. T. U. missionaries and organizations in other countries, their gain and achievement. The union is looking forward to temperance in every land.

This was followed by a solo by the Rev. Frank Panaman and a benediction by Rev. A. W. Stephens. George W. Blanchard, candidate for assembly on law enforcement. At 9 a. m. Friday was the election of officers. Memorial services were held at 11 a. m.

OFFICERS ARE NAMED
Election of officers resulted Monday as follows: Mrs. Estella Gabriel, Janesville, county president, with all other officers re-elected; Mrs. Corn Dickinson, Janesville, vice president; Mrs. Sarah Greenwood, Edgerton, corresponding secretary; Mrs. Carrie H. Dresser, Clinton, recording secretary; Mrs. Flora Dice, Milton, treasurer.

The morning session was closed by memorial services led by Mrs. Carrie H. Dresser.

newspapers," said Mr. Blanchard. "I am interested chiefly in taxation and want to do all I can to reduce taxes in Wisconsin. We have 16 million

dollars in cold cash in the treasury at Madison that they don't know what to do with, but will attempt to use by creating additional functions of government."

He pointed to the importance of taxation by saying that the present law states that States pay something like \$70 a year in taxes, that is, that 25 percent of the wage earners of the country are engaged in paying for government.

Frank Gives Talk

In presenting Mr. Fleming as the next speaker, Mr. Matheson told how he had made a special journey to Keosauqua to meet the candidate and learn his principles. After this mission, he said, he was satisfied that Mr. Fleming was qualified and urged his nomination and election as congressman.

"I am a republican and expect to and will vote for bridge and road bills," Mr. Matheson declared. "Mr. Fleming has been nominated and elected. I will support the republican principles as set forth in the platform adopted at Cleveland and will stand by President Coolidge."

At the close of such a conference the standard-bearer of each county

Mr. Fleming declared the success of national government is dependent on the party system as fixing responsibility, predicting political chaos would result if the party system were a dependent "field." Under the party system, the party elected to power is pledged to enact into law and govern in accord therewith the principles as outlined in its national platform.

"I am in favor of the party system," a candidate to change themselves "in the twinkling of an eye," he said he doesn't like the kind of a son who is a republican before election and a socialist after.

My opponent has gone through the

district telling how much Roosevelt and McKinley thought of him, but were there any representatives of republicanism? They would be opposing republicanism, not socialism," asserted the candidate. "Republicanism in Wisconsin haven't agreed for 20 years and we don't think they would ever agree to make us think that socialism is republicanism."

To counteract criticism that he was pro-German during the war, Mr. Kenosha said he was a major in Kenosha at that time, was chairman of the exemption board and was offered the chairmanship of the county council of defense.

"I am a great pro-German that way during the war," he ventured.

Thomas S. Scott, Kenosha, the only republican of the Wisconsin delegation, was the first to stand in support of Coolidge, was introduced and spoke a few words in support of Pfennig.

He was applauded loudly.

TODAY'S MARKET

GRAIN

Chicago Review.
Chicago—Wheat displayed an upward tendency at the market today largely because of higher quotations in Liverpool and on reports that the crop in parts of Argentina show development, and being recently needed. However, with northwestern connections and cash interests were good, the market was not so active. The bulk, however, a good class of selling was maintained. After starting at 5 1/2¢ advance, with September 1 1/2¢ and October 1 1/2¢, the wheat market suffered a slight general setback.

Consequently cold weather talk from Canada, based on the weather forecast, brought about some renewed buying and the market recovered most of its loss. The close was 15 1/2¢ to net higher, with Sept. 1 1/2¢, 1 1/2¢, and the 1 1/2¢, 1 1/2¢.

Corn lacked the jump which has been prevalent for the past week, the market showing independent weakness. After starting at unchanged figures to 1 1/2¢ higher, Sept. 1 1/2¢, 1 1/2¢, the market sagged a trifle and the decline was more than yesterday's bulge.

Increased selling in the way of put-taking brought about a reaction, but only fractional gains were made. The close was weak at a net loss of 1 1/2¢, with Sept. 1 1/2¢, 1 1/2¢.

Oats sympathized with other grains, coming at 1 1/2¢ advance, with Dec. 1 1/2¢, and later dropping below the previous close.

Provisions were firm in line with an advance in the price of hogs.

PAVING ON FOUR JOBS COMPLETED

St. Mary's, Monroe, Walker and Glen Street Are Finished.

Paving of three streets in the Second and Third wards—St. Mary's, Monroe, and Walker streets—was completed by the Birdsall forces Thursday night, and indications Friday were for the completion of a fourth job, Glen street, before quitting time. When the mixer began work on Glen street Friday morning, it was announced that about a day's run remained.

The paving of all four of these streets within 48 hours means that they will be thrown open to traffic simultaneously about Sept. 9 or 10. Yuba and Hyatt streets were completed several days ago so that it is probable they will be opened by Tuesday of next week. The dirt is being removed from them now. Walker street, from Milton avenue west to Cuba street, will also be opened Tuesday.

Start on Sherman Avenue? With the completion of St. Mary's, Monroe and Walker streets, Thursday night, the mixer used on this job was scheduled to start work Friday on Sherman avenue.

"After paving the south half of Sherman avenue," said Inspector E. J. Smith, "the machine will then be moved to Prairie avenue to complete the east half and then go back to finish up Sherman avenue. The west half of Sherman will be done Friday."

Save Washington Soon? Were it not for the Eagles' big picnic at Riverside park on Labor day, work could be started on North Washington street Saturday, but on account of the picnic this will probably be deferred until Tuesday. The city officials were against tying up the Washington street car line over Labor day.

It is not known yet where the mixer that has been working on Glen, Monroe and Walker streets will go Saturday, but work may be commenced on Milwaukee avenue.

66,000 Yards Finished A checkup at the close of operations Thursday night showed the paving program about 40 percent completed. Of a total yardage of 166,451, Mr. Smith's forces show 66,621 square yards already laid.

Ideal weather this week has been a boon to the paving forces and a record run has been made. The figures for both mixers for the four days are: Monday, 1,775 square yards; Tuesday, 1,593; Wednesday, 1,913; and Thursday, 1,730.

Better Drainage for Southeastern Section of City

Department of public works continues its extensive work on a new piece of concrete sewer, 32 inches in diameter, laid across Sharon street, near Logan street intersection, to replace a stretch of pipe too small to handle the quantity of water which comes through the ravine in that district. The new monolithic concrete main is 325 feet in length and takes the place of a piece of pipe 18 and 24 inches in diameter, which had been laid as a connecting link between 30 and 32-inch mains on either side.

"We now have an adequate storm sewer at this point, 30 to 32 inches in diameter all the way and not choked off at one section," said Street Engineer Joseph Lustig, who is directing storm sewer work this season in addition to street maintenance, guard upkeep and many other routine jobs.

Pipe is being unloaded for storm sewer on Richardson street, north of St. Mary's street. The Sharon street job was done so the street may be ready for paving from South Main to Fremont street as specified in the 1924 program.

Start on Sherman Avenue? With the completion of St. Mary's, Monroe and Walker streets, Thursday night, the mixer used on this job was scheduled to start work Friday on Sherman avenue.

"After paving the south half of Sherman avenue," said Inspector E. J. Smith, "the machine will then be moved to Prairie avenue to complete the east half and then go back to finish up Sherman avenue. The west half of Sherman will be done Friday."

HEAVY PRIMARY VOTE PREDICTED

Many Contests Expected to Attract Record Number to Polls Tuesday.

Interest in the campaigns of the various office seekers has increased within the past few days and political observers predict one of the largest primary election votes in the history of Rock county on next Tuesday, Sept. 2.

Official ballots were to be distributed to the various election districts Friday, according to County Clerk Howard W. Lee. Several applications for absent voting privileges have been received by City Clerk A. J. Olsen, indicating the interest of voters in Janesville.

County Clerk Howard W. Lee, Janesville, is being opposed by Henry Johnson, a former holder of the office. Four candidates desire the nomination for secretary of state. They are Francis E. Davidson, Guy Johnson, Fred Zimmerman and Theodore Dammann. Zimmerman has been endorsed by Senator La Follette and Dammann by Governor Blaine.

Henry Allen Cooper, Madison, congressman from the first district, is again seeking re-election. He is being opposed by Charles H. Pfeiffer, Kenosha.

There are no contests for the democratic nominations and no candidates have filed papers for county offices of that ticket, except James Campbell, Janesville, who is running for the assembly from the first district.

TRY ACID TESTS TO IMPROVE APPEARANCE OF JACKSON BRIDGE

Experiments are being conducted by the concern which manufactured the spindles for the Jackson street bridge to determine the best means to improve the appearance of the structure. The cement paint which was put on as a finish has checked and cracked to so great an extent that the attractive appearance of the bridge has been marred and officials are anxious to remedy the condition. Acid has been tried as an experiment, but the stains remain, even though the paint can be taken off. It was found. The concern which furnished the spindles to the Wausau Iron Works is in no way responsible for the condition of the balustrade, as the cement paint was put on after the structure was completed.

Fall Term Opens Next Tuesday

Saturday and Monday Are Enrollment Days

In order that our work may be organized and begun as promptly as possible, we urge all who can do so, to call at the College, get books and have seats assigned on Sat., Aug. 30, or Monday, Sept. 1.

On the Day You Become A J. B. C. Student Your Business Career Begins

From the very day you enroll, the responsibility of your future rests entirely with the Janesville Business College. It is a responsibility we willingly accept—first, because we have confidence in our modern, progressive methods of business training, and second, because of a wide influence in the business world, which enables us to secure for all our graduates responsible positions and assure a future for them.

The records of positions secured and progress made prove beyond all doubt the remarkable success achieved by J. B. C. graduates in business. We are better prepared to help YOU.

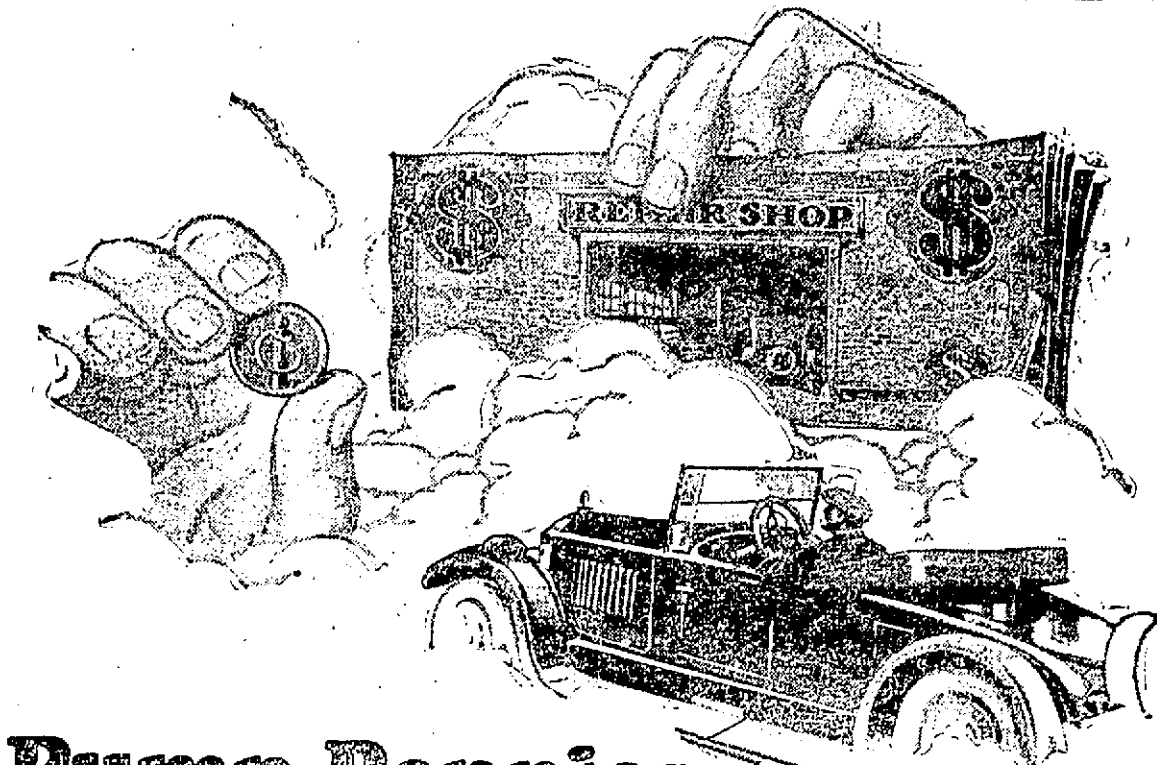

EVERY GRADUATE HAS BEEN PLACED IN A GOOD POSITION.

A J. B. C. TRAINING is essential, no matter what your previous education, if you would get the best positions and be able to grasp the big opportunities.

DON'T WAIT—ENROLL TODAY. Office Hours, 9-12 and 2-4. Evenings by appointment.

Pump Pennies or Repair Shop Dollars

FOLKS are funny. A wildcat rumor or the imagination of a hungry newspaperman is all it takes to start an economic spasm over the matter of a penny or two on the pump price of motor fuel. At a moment's notice, wheat state governors, Senate committees, Aunt Maria, the corner station man, n' everybody, will fairly buzz about it.

But year in and year out, poor fuel can put over its giant dollar wastes and never stir a ruffle of excitement or protest.

Keep your eye on the main issue. Certainly you have a right to be protected against the overcharge of a single cent in the gallon price of your fuel—but remember that gallon price is not the most important factor in the real cost of motor operation.

Fuel that at any price—however cheap—subjects your motor to the ravages of kerosene and free carbon can never be a bargain. The harm reckoned at the repair shop overshadows a dozen fold the trifling amounts involved in price fluctuations.

Wadham's True Gasoline

offers you the most important cost factor that a fuel can have—quality that protects your motor. Regardless of curbside bargaining or legislative pressure, it remains steadfast to its first trust of guarding your motor—keeping it everlastingly free from the expenses caused by undue carbon, by the battering half-explosions and over heat of heavy ends, and by the dangerous dilution of oil by kerosene.

It is all gasoline and nothing else and will be kept so—and this consideration is far more important to you than excitement over the lowest price that poor adulterated fuel can be forced to make at the pump.

NEW YORK STATE MAY DRAFT SMITH TO DEFEAT KLAN

(Continued from page 1.)

no man around whom the anti-Klan forces would rally more enthusiastically to squelch the Klan's ambitions than Al Smith.

Tammany at heart wants Al Smith to make the race. Judge Olmvy, who succeeded Charles F. Murphy as leader of Tammany Hall, plainly showed his regret when he announced after conferring with the New York governor that he did not desire to run again. He sincerely does not. He wants to go back to private life and business. To the argument that he would help the David Bryan ticket more by running for office again, his answer has been that he can help it more by stamping the eastern states for the national ticket.

The national managers are neutral on the question. They are not using any particular course, feeling that the situation can best develop of its own accord; that if there is a demand for Al Smith so strong as to sweep the state it will be impossible for the New York governor to disregard it, and that the drafting of a candidate by the voters under such conditions would give his candidacy a popular momentum sufficient to insure victory.

If Al Smith does not run, the benefit of the New York governor's influence in the neighboring states of New Jersey, Connecticut and Rhode Island will be felt. Glen Shaver, national chairman, feels that the entire east now is fighting ground and that Al Smith cannot swing with John W. Davis in the east will mean a great deal to the anti-Klan voters, who will take even more seriously the national nominee's pronouncement against the Klan especially as the silence of President Coolidge is prolonged.

The Klan issue. There can be no question that every day that the president says nothing about the Klan issue the democrats are making political gains. They construe silence hereabout as sympathy with the Klan. They felt that way about McAdoo last June. He would not denounce the Klan hence he was for it though everybody knew he inwardly had not the slightest sympathy for the society. The failure of the democratic platform to name the plan specifically began to cost many votes. When John W. Davis went further than the platform he recovered lost ground.

The psychology of the republican voters who are Catholics and Jews and negroes is not much different than the democrats of those faiths. They feel themselves discriminated against unjustly and anyone who remains silent on the issue is presumed to be angling for Klan support.

Examining the situation in this section, one cannot escape the conclusion that the democratic leaders themselves are altogether immune from political reticence in their policy about the Klan. They know that prejudices can be capitalized politically and they are not hesitant to do just as the republicans did in 1920 when they played to the large number of Irish voters on the League of Nations question. The organization of negro clubs and a campaign committee to further in negro votes is an open manifestation of the political possibilities of the situation as they are slowly developing.

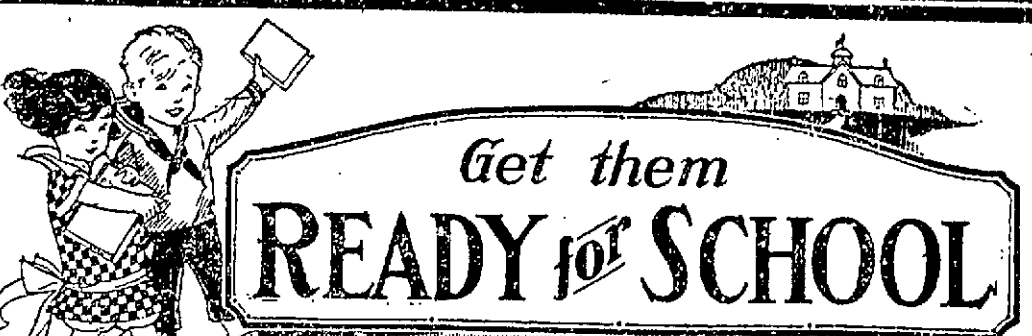

It would not be surprising if the New York state republican nominees for local reasons came out as strongly against the Klan as have the democrats. Thus far President Coolidge has been strongly urged by leaders outside of the east to keep out of the whole thing and permit the local tickets to handle the situation as they please. But the republicans who know the true inwardness of the political situation in the empire state are not so sure this is sound policy.

A Catholic battle. If Al Smith runs, he himself will be a challenge to the Klan because he is a Catholic. The Klan is to oppose any Catholicism, Jew or negroes for public office of any kind. It would appear that even in the New York governor is not drafted the naming of a Catholic or a Jew will be urged by the anti-Klan groups. Carl Sherman, attorney general of New York state, who is being mentioned for the democratic nomination, is a Jew. He comes from western New York, where he is popular. Tammany has indicated that if Al Smith runs he will not insist on a New Yorker and would not oppose an up-state candidate. On what New York state does with respect to the governorship the outcome of the election will depend in this state will depend to no small extent.

LAUNCH CAMPAIGN
TO GET OUT VOTE

8,000 Ballots in City Tuesday
Is Goal of League of
Women Voters.

The movement to get out the vote in Janesville and make a record primary has never been given such much thought or been under such headway as now. Last night there was a meeting under the auspices of the Women's Voters League, a non-partisan organization for the purpose of making plans for getting out the vote in every precinct. Janesville has 10,000 voters eligible under the census of 1920. But the highest number of votes cast in Janesville in 1922 was 4,345 for all candidates for governor. The city has gone as high as 7,000 votes but that has been in a local election. Hope that at least 8,000 votes may be cast in the primaries Tuesday is expressed.

Every owner of an automobile in the city is asked to take a voter to the polls. Every woman is asked to telephone some one and to see her neighbor.

Headquarters have been opened at the George Jacobs Insurance office, 17 South Main street. Mrs. Alice Himes will be in charge of the corps of vote-getters. The vote campaign is in the interest of no candidate. It is for all parties and divisions—the slogan being, "Vote as you please, but vote."

No states of county candidates have been made up and the only list is that of the "Coolidge" kind. They are Charles H. Prentiss, for congress; George W. Blanchard, for assembly first district; A. R. Hirst, for governor; Francis E. Davidson, for secretary of state and Henry Johnson for state treasurer.

All other candidates for the state offices are on the LaFollette list.

**Ehart Succeeds
Dorrans Saturday
as School Head**

After seven years' service, J. M. Dorrans, director of the local vocational school, will turn over active administration to G. J. Ehart Saturday morning, and plans to leave for Madison soon after to become superintendent of shops at the University of Wisconsin at the opening of school this year.

Under Mr. Dorrans' charge the institution has made much progress, increasing its teaching staff by several members, and with a greatly improved curriculum, offering all academic and vocational subjects. It is now classed among the foremost schools of the state, and occupies a whole building. Grade school classes were for some time held in the same school. In addition to his work as director of vocational education, Mr. Dorrans has taught classes in advanced manual arts in the high school.

Mr. Ehart, the new director, will take complete charge on Saturday, and make final preparations for the opening of school on Tuesday morning. He has called a meeting of the faculty for Monday afternoon.

He has been here since August 9, working with Mr. Dorrans and becoming acquainted with the conditions here, and is expected to carry on the same administrative policy, which have made Mr. Dorrans' years of supervision successful.

Some changes will take place this year, the most progressive being the complete separation of the vocational school from the remainder of the public school system.

should pay the \$75 annual license fee the same as other peddlers.

A large number of independent oil companies submit to the holding of the state department, Agent Ballard declared, and obtain the annual license fee. It is estimated that several thousand dollars is collected each year from such distributors.

The suit now being started, however, involves by far the largest number of those who drive oil trucks and deliver it is said. Because of this, the case will be vigorously prosecuted by the state, it is believed, and will be carried to the state supreme court for final test.

Against Due Driver

The trial case was brought directly against a driver in order to avoid technicalities against the central company. It is stated. Should the case against Moore result favorably for the state and the main firm refuse to obtain permits for other drivers, similar suits will be brought either in a joint action or collectively. It is understood, Ballard alleged, that the Standard company has refused to comply with the law and has disregarded the licensing provisions.

Treasury Agent Ballard contends that the state is subject to the law but declares that the agents have refused to apply for licenses or pay the license fee. He estimates that if the state's contention is upheld, the work of the treasury department will be doubled and that the annual income of the department will be probably \$100,000 more.

Because of an inadequate force of inspectors and appropriations, Ballard says he has been unable to prosecute the case sooner.

When answer to the original complaint is returned by Moore, it is stated that the case will be carried directly to superior court here and a judgment against the defendant asked. The case then will go to trial.

Attorney General Herman L. Elern and Assistant Attorney General Mortimer Leitch are prosecuting the case for the legal department. The suit is considered one of the most important now before the legal department.

Independent oil operators in conference here recently informed Ballard that they intend to observe the provisions of the peddlers' law to the letter.

Princess Andrew of Russia, the descendant of one of the oldest families in Europe, is now engaged in designing dresses for a shop in London.

**TO THE DEMOCRATS OF
ROCK COUNTY:—**

This is a most opportune time for you to again exercise the right of ballot and remain loyal to the principles of Democracy. With a great national standard bearer and a full ticket in the state we should stick to the Democratic primary and not go into any other party contests.

We have wandered away into the camps of designing politicians who hope to weaken the party of Jefferson and Wilson and break it up in the state of Wisconsin.

But this is the time to come back and here in Rock county remain in the party primary and fight the battle with a solid front of Democratic voters.

It is time to repair our lines to carry our party to action and revive the old Democracy of Rock county and the state.

Go to the polls next Tuesday September 2, and vote for Democratic candidates in the primary.

JAMES R. LAMB
Candidate for Assembly, 1st District.
On the Democratic Ticket.

**Select Your Candidate
AND THEN GO TO THE POLLS!**

The candidates whose announcements appear here are placing themselves before you for your approval.

The welfare of Rock County and your own standing as an American citizen, require that every substantial citizen exercise his privilege of a voice in the selection of the men who are to guide the affairs of our county during the next two years. Nothing can be accomplished by grumblings and complaints after election; much can be achieved by using your ballot intelligently. Look the candidates over carefully, give their qualifications serious thought, cast all sentiment and prejudice aside, and give us the strongest set of officers. **VOTE!**

**Democratic
Voters,
Attention!**

Democratic voters are urged to vote at the primary election next Tuesday, and to cast their ballots for every democratic candidate whose name appears on the democratic ticket.

Each democratic candidate for office must receive a certain number of votes, in order that his name, as a regular democratic candidate, may be printed on the ballot used in the November election.

Political Announcement—Written and publication authorized by George W. Blanchard, Edgerton, Wisconsin, and paid for by him at the rate of 50 cents per inch.

I am a candidate for member of assembly from the first district of Rock County. I am, and have been for a number of years, a practicing attorney at Edgerton and have never held office except as City Attorney and City Clerk.

I ask for the suffrage of the people of this district on this:

MY PLATFORM

We have an abundance of laws. The statute books are filled with them. Each year more are added growing out of personal experiences, or for the purpose of securing attention to the member who introduces the bill.

I have no pet laws or schemes which I will father. I want to see less legislation and more business. I pledge myself to oppose all measures adding burdens and other devices to complicate government and add to the force of employees. We have wandered far afield in making a bureaucratic rather than a popular government.

Neither have I any pet scheme for operating the government without taxation. Taxes are necessary, but we have the spectacle of a treasury filled with cash while the taxpayers of the state have been overtaxed and belittled as to how they may meet state and other tax charges. I am in favor of returning the money which is piled up in the treasury to the people by reducing taxes.

I am in favor of the abolition of the emergency board and ending any possibility of two state officials who constitute a majority of that board, making appropriations which while they may be constitutional in the letter of the law, do violate the spirit of the constitution in taking away the power delegated to the legislature in making appropriations and spending the taxpayer's money.

I favor a gasoline tax that will permit a large part of the proceeds to be returned to the counties and localities in which the tax is paid.

In taking her place and holding it as the first state in the Union in the dairy business, I shall support and aid all movements for the eradication of bovine tuberculosis in Wisconsin.

I am in favor of the enforcement of laws as well as the observance of them. I shall vote to give support to enforcement of those laws which are greatly in the minds of the people, to the letter, and to vote for no bill weakening the execution of such laws.

I believe that the interests of the state are interdependent, that agriculture and industry need to go hand in hand for the same destination of happiness and prosperity.

George W. Blanchard
Edgerton, Wisconsin.
